

Math Pentathlon Club

Dear Parents,

We are excited to share that we are offering a new math opportunity beginning this November. Mathematics Pentathlon is a National Program consisting of interactive problem-solving games and activities. Math principles are incorporated into fun board games designed to enhance problem solving, computational, geometric/spatial, and logical reasoning skills. Teamwork, good sportsmanship, sharing ideas, and communication skills are also stressed. Groups will be divided up into Divisions that have their own set of 5 games: Division I (K-1), Division II (2-3), and Division III (4-5). In addition to learning and practicing the games, students may also participate in a Spring Tournament playing students from different schools throughout the area.

Beginning the second week of November, each club will meet on Tuesdays from 3:00-4:00 pm through December. Fall Schedule: 11/8, 11/15, 11/29, 12/6, and 12/13. Sessions will be resumed in January after the Christmas Break and will be preparing students for the Spring Tournaments. **See Tournament dates and times:** <https://www.mathpentath.org/austin-area/>

Math Pentathlon is led by parent volunteers. We need additional parent leaders and helpers to continue this program. Parent participation is required for their child to register. There need to be at least 3 consistent/weekly volunteers (for each division) and then the other parents need to sign up for 2 or 3 after school sessions. You may also visit the website at www.mathpentath.org for more information about this program. **We are still need at least one more coach that will be available weekly. There is an in-person training with the Math Pentathlon institute this Saturday, 10/22. Please contact Kevin Liang at kevin9kai@gmail.com directly by Thursday, 10/20, if you are available to be a coach or attend the training.** Please fill out the attached application form and return it to the teacher by Wednesday, 10/26 or use the QR to submit an online application.

Sincerely,
Fern Bluff Math Pentathlon

Math Pentathlon After-School Program Application

Student Name: _____ Grade: _____

Parent Name: _____ Email: _____

Cell Number: (____) _____ - _____ Other Number:(____) _____ - _____

Teacher: _____

Method of Going Home: _____ will be picked up by _____ at 4:00 pm

_____ will go to _____ (After School Care)

I can help with the after-school sessions: _____ weekly

_____ on specific dates (list dates): _____

Parent/Guardian Signature: _____
